

*Vast and deep and cold, Lake Superior, ('Gitchigami' ~ Big Water) in the heart of North America,  
is the largest freshwater lake in the world.  
Long held sacred, the Lake offers a palpable magic.*

# Lake Superior Psychic

offers constant source of pure deep energy & support..... deeply cleansing & purifying to one's aura after intense growth or spiritual work..... the clarity of Peace

Oh deep one and those that dwell in your womb,  
awake.

This Lake is the perfect basin, almost round.  
I see it sinking to its 1,333 foot depth at the center.  
Uncharted, it holds its secrets close to its heart.  
The water on this Lake,  
that has challenged the best seamen  
and is said to be more unpredictable and threatening than any ocean,  
is as smooth as glass.....  
gentle and clear to the bottom, even at 8 foot or deeper this morning.

Peace..... Deep, Deep Peace.....  
From the depths of its pure cold center ~ the eyes of the lake ~  
we are offered a deep wise peace,  
a peace unrelated to external events,  
unfettered by comings and goings or surface storms.....  
a clarity and a trust that we will be eternally fed by the waters of Life,  
purified and forgiven,  
as the past is now gone as we plunge into cold pure water.  
There is nothing that can hold on in the presence of such cold and pure water.  
We are clean. We are new. We are revived. We are wise.  
Now we spread out our hands to the sky and offer up our very being,  
as the Lake offers up to the Clouds its very being  
that the Clouds may deliver rain  
to the crops of men and women,  
to the thirsty gardens,  
to the trees and hungry soils.....  
not just water, but Life itself.

The wise ones of this Lake offer wisdom  
to those that seek jewels and precious metals  
to fulfill our dreams and support our missions.

Its message is

“Seek wisdom

and do not be afraid of challenge.

I will support. I will cleanse. I will renew. I will give you my Life Force.”

This essence is especially helpful to those who are here  
to fulfill important, but challenging, missions.

It is a sustainer

that offers us a constant source  
of pure deep energy and support.

It is deeply cleansing

and can be added to a bath or spray  
to release the old  
and help to purify the aura  
after intense or spiritual work.

Lake Superior Psychic releases the nervous system  
from the intensity that comes with growth.....

be it spiritual, mental, emotional, or physical.

So it can be very valuable to children during “growth spurts.”

It is helpful at times of change, growth,  
intensity,  
seeking,  
or indoctrination.

This Lake teaches us that as she understands struggle,  
she knows the clarity of Peace.
