Sunburst Calcite

January 24, 2004

amplifies one's ability to connect to greater sources of Universal power.....
radiant, prayerful, grounding..... use this to amplify any essence combination

On January 21 (new moon) there were numerous intricate spiraling loops hovering above the Sun's west limb. This was one of the most spectacular prominences ever seen. On January 22 the prominence erupted hurling a billion-ton cloud of gas into space. January 24 is bright, cold and very sunny with about eight inches of fresh snow.

Calcite is an amplifier, and this essence was made directly on one of Earth's active lei lines during the effects of a Sun eruption.

This is a potent essence
that can amplify our connection with greater sources of Universal Power.....
Sun power, radiant power
to charge our dreams, our hopes for the future and our daily prayers with Solar Energy.
This is the Sun's gift to us now,
at a time when many of us are running out of energy
and find it hard to remain radiant in the face of so much despair.
It is now
that we are needed more than ever,
and we need to be potent and ready to be birthers of a new tomorrow.....
an era of Peace, Healing, and Harmony with all life forms.

It is our responsibility as humans
to ground Spiritual Energy here on the Earth plane.
We are spiritual manifestors
who need to harness and direct our energies
in prayer for the protection and praise
of the sacred energies of Life and Creation.
We are birthers of visions and of babies,
as all Nature reproduces its Life Force in glory.
Our connection with the Solar and Cosmic Realms
will remain invisible and vulnerable
until we are able to take what is spiritual and holy
and draw it through our bodies
and pour it into the Earth
through ceremony and prayer.

This is a time of disassociation,

which can be seen in all of our human and non human relationships.
Nature herself is becoming disassociated,
not only because of the cumulative and destructive actions of humans
but also because we, as humans, no longer see or hear the magic around us.
What you do not see will cease to exist.
The voices of Nature call out louder and louder,
as we become more and more disconnected
from our role as spiritual caretakers and guardians of this Earth.

This is an essence to amplify our prayers,
to focus our spiritual energy into the Earth that supports us,
to reconnect with the spiritual radiance of our own beings
and the physical and etheric energies that surround us.
It has been given to us as a gift from the Sun,
as the Solar Forces wish to potentize us
at this critical time in the evolution of all life forms
