In a Base of Prayer-Intoned Spring Water.

Using Tinctures

Gently shake the bottle before each use.

Gently shaking the bottle “wakes up” the essences. Take 3-4 drops in your mouth. Add 3-4 drops to your drinking water, your cooking, your bath, your body lotion, a decorative water fountain, a bowl of water in your room (and stir occasionally), your laundry, your dishwasher, your cleaning solutions, your plant water, your pet’s water bowl or anything else that feels “right” as you are intuitively guided.

The tincture can be used frequently, so take it whenever you feel a need for the support it offers. Every time you take it your emotional body becomes more balanced, allowing the truly beautiful support of Nature to be realized as the frequencies of your emotional, spiritual and physical bodies lift to higher and clearer levels.

Using Sprays

Gently shake the bottle before each use. Avoid spraying in eyes. For external use only, to be sprayed around body or surroundings.

Gently shaking the bottle “wakes up” and blends the flower essences with the essential oils. Spray above your head and let it rain down on you. Spray your palms. Spray yourself in the shower. Spray a handkerchief and breathe in as needed. Spray your bed sheets, rooms at home, car, classroom, office or work space.

The spray can be used frequently, so spray it whenever you feel a need for the support it offers. It charges the space around you, clearing negative patterns and creating supportive energies that allow your emotions to become more balanced. It also affects others coming into that space, offering healing energies and allowing relationships to become more harmonious.

Spray any space that feels “right” as you are intuitively guided, and expect a beautiful story of fantastic change to unfold.
